## **Coventry Workers' Comp Services Named Finalist**

### **Clinical Case Management Programs Recognized in Two Categories**

**Franklin, TN – February 16, 2010** – Coventry Workers' Comp Services, a division of Coventry Health Care, Inc., has been named as a finalist in two categories for the first annual *Case in Point Platinum Awards*. The awards are focused on recognizing the most successful and innovative case management programs working to improve health care across the care continuum. *Case In Point*, is the official magazine of the Case Management Society of America.

*Case in Point Platinum Award* submissions were accepted for 25 individual categories covering a multitude of areas in the case management arena. CWCS was selected as a finalist in the Workers' Compensation category, for its' catastrophic case management program, and the Overall Case Management category.

"We are pleased to be recognized for our efforts in both the workers' comp and overall categories." said Tom Violette, vice president clinical operations, "To be selected as a finalist in these two areas, is validation for all of our hard work in designing unique programs that deliver substantial value."

*Case In Point* will honor all the finalists and announce the winners in the various categories on April 20, 2010 at the National Press Club in Washington, D.C.

#### About Coventry Workers' Comp Services

Coventry Workers' Comp Services, a division of Coventry Health Care, Inc., is the leading provider of cost and care management solutions for property and casualty insurance carriers, (workers' compensation and auto insurers), third-party administrators and self-insured employers. We design best-in-class products and services to help our partners restore the health and productivity of injured workers and insureds as quickly and as cost effectively as possible. We accomplish this by developing and maintaining consultative, trusting partnerships with our clients and stakeholders, built on a foundation of innovative and customized solutions that support the claims management process.
