Senior Sales Leader Ken Loffredo Departing Coventry Workers' Comp Services

Franklin, TN – August 4, 2010 – Coventry Workers' Comp Services, a division of Coventry Health Care, Inc., announces that after more than 20 years of service to Coventry Workers' Comp Services (CWCS) and its predecessors, Ken Loffredo has decided to leave the organization effective September 3, 2010. Having been a "road warrior" for most (if not all) of that time, Ken has decided to pursue a change in his career. Loffredo has accepted a position as a Principal with MedAllocators, a Medicare Set Aside (MSA) company.

"Ken has played a key role in the formation and growth of CWCS as an industry leader" shared David Young, CWCS' President and CEO. "While I am disappointed to see him go, he has developed a mature sales team that leaves us in good standing as we move forward."

"I have enjoyed a great career, initially at Concentra and now Coventry, forming lifelong friendships with both colleagues and clients," commented Loffredo. "I'm proud of the Company we created and am confident that Coventry is well poised for continued success. While I look forward to the next phase of my life, I will never forget the relationships and experiences I leave behind."

Loffredo will assist the senior management team in identifying his successor. In the interim, the sales team will report directly to David Young.

About Coventry Workers' Comp Services

Coventry Workers' Comp Services, a division of Coventry Health Care, Inc., is the leading provider of cost and care management solutions for property and casualty insurance carriers, (workers' compensation and auto insurers), third-party administrators and self-insured employers. We design best-in-class products and services to help our partners restore the health and productivity of injured workers and insureds as quickly and as cost effectively as possible. We accomplish this by developing and maintaining consultative, trusting partnerships with our clients and stakeholders, built on a foundation of innovative and customized solutions that support the claims management process.
