

QualCare New Jersey

Coventry and QualCare now offer the most comprehensive directly contracted network in New Jersey, with the most extensive footprint in the surrounding areas and nationwide. This means injured employees have access to QualCare and Coventry network providers whether they are at home, work or traveling across the U.S.

Network Solutions

Whether your needs are in New Jersey or extend to other jurisdictions, Coventry has a network solution to meet your needs.

- Preferred Provider Organization (PPO)
- Managed Care Organization (MCO) certified in all counties

Provider Coverage

- All 21 counties
- All major New Jersey hospital systems
- 200 ambulatory surgical centers
- 160 occupational medicine and urgent care centers
- 345 rehabilitation facilities
- More than 40,000 professional providers

Provider Guidelines

- Collaborate with case managers and adjusters on return-to-work treatment plans
- Complete Duty Determination Instruction (DDI) forms within one day of every patient visit
- Seek authorization for services and coordinate referral needs with the adjuster
- Address return-to-work status, modified duty needs, causality, restrictions and treatment alternatives
- Prescribe generic medications or submit medical necessity documentation for brand-name medications
