High Impact Drug Class Trends in 2018

September 30, 2019

1 MIN READ

[Coventry](#)

Compared with opioids, other high impact drug classes like topicals, compound kits, combo packs, and specialty medications, represent proportionately low volume. However, they can be associated with exponentially significant costs. Recognizing the trends related to such cost drivers can help promote clinically-appropriate savings. Watch the [video blog](#) to learn more.
